ATLANTA; GA.

WEDNESDAY EVENING, DECEMBER 30

We had the pleasure of meeting yesterday evening with a gentleman of intelligence and Charleston, South Carolina. Remaining a day sides -a day of fleres shelling-he was carried to Fortress Moures, and from thence further North. He left New York on the 12th November fer Nassan, via St. Johns and Hallfax, and

Our friend is a man ardently attached to the South and her cause; is a man of sagacinus inat all given to creaking or self-delusion. Horepreasults the feeling of the North as well nigh to-

nob in New York, Lee's march into Pennsylvania, and Morgan's raid into Ohio, furnished Linesentry to the Government in its work of subjugation; and that now the whole thought of the country, as its whele desire, is directed in that and no other channel. He says that what of discontent exists against the Administration is entries the great question of the war for the Union, and, while finding topical or personal expression in regard to things indifferent, it finds none in regard to the cause, or to the war-to the justice of the first, or the mode of conduct of the lest.

on the part of those calling themselves consering to work so well and relieving many white people from the burdens and risks of military service, the willing assent of all-sleveholders not less than others. He says the people were mever so contented, because never so prosper-

thought or purpose of the kind, have exaggerated what he saw and neard around him, during his compulsory abode at the North; but, after making all due allowances for the possible mental influence, we think it will be admitted, that there is enough in his statement to induce us to believe that our subjugation is the stub-

All quiet at Sumter. There is no material change in the fleet.

ELA.-Two gentlemen arrived in this city from Gloucester county yesterday, who state that a in the windows. They were informed by a Yankso deserter, whom they met the following used by the Yankoes is Yerktown, which communicated itself to some shells not far distant, and from thouse to the magazine, which exploded with a terrific crash, nearly annihilating a couple of negra regiments. The deserter esti-mated the number of hilled and wounded by this untimely accident at several kundred.

By An old fellow once said to a reapogra who asked him about the propriety of his lefu-ing the ekarch: "Don't do it, Tem, den't do it," it will certainly injure the church and will de
